

Stop waiting 6-8 weeks for your OEM manufactured parts! MPS ships most parts within 10 days.

Pressure seal rings can ship same day.

Millennium Power Services is a leading valve repair company that manufactures and repairs parts for the power generation industry. Your parts are made to meet or exceed OEM standards by using the best materials available for the application and the correct tolerances.

Free shipping and evaluation of parts.

All parts manufactured by MPS come with a 2 year warranty.

Parts Manufactured
